

# MATERIAL SAFETY DATA SHEET

According to NOHSC: 2011 (2003) and HSNO CoP 8-1 (September 2006)

## 1. IDENTIFICATION OF THE MATERIAL AND SUPPLIER

**Product Name:** MEYCO FIB SP 65

**Other Name:** None allocated

**Recommended Use:** Synthetic fibres for improving concrete properties in the plastic and hardened state.

**Company:** BASF Construction Chemicals Australia Pty. Ltd. ABN 46 000 450 288  
BASF New Zealand Ltd.

**Address:** 11 Stanton Road, Seven Hills, NSW, 2147 Australia  
45 William Pickering Drive, Albany, Auckland, New Zealand

**Telephone Number:** +61 2 8811 9624 4200 +64 9 414 7233

**Facsimile:** +61 2 8811 9624 3299 +64 9 414 7244

**Emergency Telephone Number:** 0417 658 263

## 2. HAZARDS IDENTIFICATION

**Hazard Classification:** NON HAZARDOUS SUBSTANCE. NON DANGEROUS GOODS.  
Non Dangerous Goods for transport according to the ADG code.  
Non Hazardous according to the criteria in the Hazardous Substances (Minimum Degrees of Hazard) Regulations 2001 and NOHSC.

**Hazard Designation:** None

**HSNO Classification:** None

**Risk Phrase(s):** None

**Safety Phrase(s):** None

## 3. COMPOSITION / INFORMATION ON INGREDIENTS

<u>Chemical Name</u>	<u>CAS Number</u>	<u>Proportion</u>
Polypropylene homopolymer	9003-07-0	>99%
Additives for process and long term stabilisation, polymer modification aids.	-	< 1%

## 4. FIRST AID MEASURES

**Inhalation:** Not a normal route of injury. If inhalation occurs, remove victim from exposure. If difficulty breathing, administer oxygen. If breathing stopped administer artificial respiration. Seek medical attention

**Eyes:** While holding eyes open, gently flood with plenty of fresh water for 15 minutes. If irritation persists or recurs seek medical attention. Skilled personnel should only undertake removal of contact lenses after an eye injury.

**Skin:** Remove contaminated clothing. Wash contacted areas thoroughly with soap and water. If irritation persists seek medical attention. Wash contaminated clothing before re-use.

**Ingestion:** Do not induce vomiting; give large quantities of water; get immediate medical attention. If vomiting occurs spontaneously, keep head below hips to prevent aspiration of liquids into lungs. Do NOT give anything by mouth to an unconscious person.

# MATERIAL SAFETY DATA SHEET

According to NOHSC: 2011 (2003) and HSNO CoP 8-1 (September 2006)

## 5. FIRE FIGHTING MEASURES

<u>Suitable extinguishing media:</u>	Water fog/spray, foam, dry chemical, carbon dioxide (CO <sub>2</sub> ).
<u>Hazards from combustion products:</u>	Combustible substance. Will not burn unless preheated. Under certain conditions polypropylene can burn with a high smoke density. Smoke from burning polypropylene can contain various levels of toxic gases, especially oxides of carbon and nitrogen.
<u>Precautions/equipment for fire fighters:</u>	As for surrounding fire. If fibres are burning and molten use leather gauntlets, suitable fire resistant, non-melting protective clothing. In confined conditions use self contained breathing apparatus.
<u>Hazchem code:</u>	None allocated.

## 6. ACCIDENTAL RELEASE MEASURES

<u>Methods and materials for containment and clean up:</u>	Caution slippery when spilt. Spills should be vacuumed or swept up and shovelled into appropriately labelled drums for re-use or disposal by a commercial waste disposal organisation. Refer to the local Waste Management Authority and comply with local regulations.
<u>Environmental precautions:</u>	Do not discharge into sewers or waterways.

## 7. HANDLING AND STORAGE

<u>Precautions for safe handling:</u>	Wear PPE as per Section 8.
<u>Conditions for safe storage:</u>	Store undercover in a cool dry area. Avoid strong oxidising agents.

## 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

<u>Ventilation:</u>	Ventilation is generally not required
<u>Personal Protective Equipment (PPE):</u>	This product is not classified as hazardous, so PPE is not normally essential. However, it is generally recommended that contact with any chemical be kept to a minimum. Following is a guide to suggested PPE that may be utilised for handling this product.
<u>Respiratory protection:</u>	Not normally applicable.
<u>Glove type (AS2161):</u>	Impervious gloves e.g. PVC, butyl or nitrile rubber.
<u>Eye protection:</u>	Safety glasses or face shield or chemical worker's goggles.
<u>Clothing:</u>	General protective clothing such as overalls or long pants and a long sleeve shirt or a chemical apron. Remove contaminated clothing as soon as possible. Launder thoroughly before reusing. For large spills or ponded areas impervious footwear is preferred.
<u>Other:</u>	Use barrier creams to protect skin from contact with the material. Always wash hands before smoking, eating, drinking or using the toilet and after finishing work. Observe the usual precautions when handling chemicals.

## 9. PHYSICAL AND CHEMICAL PROPERTIES

<u>Appearance:</u>	Grey, 65mm long, embossed fibres packed in bundles as water soluble pucks.
<u>Odour:</u>	Characteristic
<u>pH:</u>	Not applicable
<u>Explosion Limit:</u>	Not applicable

# MATERIAL SAFETY DATA SHEET

According to NOHSC: 2011 (2003) and HSNO CoP 8-1 (September 2006)

<u>Solubility in water:</u>	Insoluble
<u>Specific gravity:</u>	0.90 – 0.92 @ 20°C
<u>Melting point:</u>	150 - 170°C
<u>Flash point:</u>	Not applicable

## 10. STABILITY AND REACTIVITY

<u>Chemical stability:</u>	Normally stable. Not sensitive to mechanical impact.
<u>Incompatible materials:</u>	Strong oxidising agents
<u>Hazardous decomposition products:</u>	May evolve toxic gases if heated to decomposition.
<u>Hazardous reactions:</u>	Smoke from burning polypropylene can contain various levels of toxic gases, especially oxides of carbon and nitrogen.

## 11. TOXICOLOGICAL INFORMATION

### Effects of Overexposure

<u>Inhalation:</u>	Not a normal route of injury due to size and shape of fibres. Product fines may cause mechanical irritation to the respiratory system
<u>Eyes:</u>	Product fines may cause mechanical irritation to eyes
<u>Skin contact:</u>	Does not absorb through skin.
<u>Skin absorption:</u>	No adverse effects expected however large amounts may cause nausea and vomiting.
<u>Ingestion:</u>	Not a carcinogen, mutagen or teratogen. There have been no reports in the literature of health effects in workers arising from long-term exposure to this material and no comprehensive human studies have been conducted.
<u>Chronic:</u>	No comprehensive human studies have been conducted. Materials used in this product are not known carcinogens, mutagens or teratogens. There have been no reports in the literature of health effects in workers arising from long-term exposure to materials used in this product.

## 12. ECOLOGICAL INFORMATION

<u>Ecology:</u>	Do not discharge into sewers or waterways.
<u>Marine pollutant:</u>	Not listed

## 13. DISPOSAL CONSIDERATIONS

<u>Disposal method and containers:</u>	Refer to Waste Management Authority. Dispose of material through a licensed waste contractor.
<u>Special precautions (landfill/incineration):</u>	None known.

## 14. TRANSPORT INFORMATION

<u>UN Number:</u>	None allocated
<u>UN Proper Shipping Name:</u>	Not regulated
<u>Dangerous Goods Class:</u>	None allocated
<u>Subsidiary Risk:</u>	None allocated
<u>EPG Card:</u>	None allocated

# MATERIAL SAFETY DATA SHEET

According to NOHSC: 2011 (2003) and HSNO CoP 8-1 (September 2006)

Packing Group: None allocated

Hazchem Code: None allocated

## 15. REGULATORY INFORMATION

NICNAS / AICS: All components are listed  
Poisons Schedule: Not Scheduled  
HSNO Classifications: Not required. Non hazardous.  
ERMA Group Standard: Not required. Non hazardous.  
ERMA / NZIoC: All components are listed  
Tracking: Not required  
Approved Handler: Not required

## 16. OTHER INFORMATION

Reason for issue: Update information and inclusion of New Zealand ERMA/HSNO requirements.

This MSDS summarises our best knowledge of the health and safety hazard information of the product and how to safely handle and use the product in the workplace. Each user should read this MSDS and consider the information in the context of how the product will be handled and used in the workplace including in conjunction with other products. If clarification or further information is needed to ensure that an appropriate risk assessment can be made, the user should contact this company. Our responsibility for products sold is subject to our standard terms and conditions, a copy of which is sent to our customers and is also available on request. All information contained in this MSDS is as accurate and up-to-date as possible. No warranty expressed or implied is made as to its accuracy, reliability or completeness.
